

## **HIRING EQUINE AMBULATORY VETERINARY ASSISTANTS/TECHNICIANS**

Park Equine Hospital (PEH), located at 5455 Lexington Road, Lexington, KY 40511, has immediate openings for two **(2) full-time Equine Ambulatory Veterinary Assistants or Technicians**. PEH is a boutique hospital providing comprehensive, world-class care in a team-oriented, personable, small-town setting. The Ideal candidate for these positions should be highly reliable and self-motivated, with a positive attitude, strong work ethic, and willingness to work flexible schedules that may include overtime hours, weekends, and occasional out-of-state travel.

### **Job Requirements:**

- High School Diploma or equivalent
- Certified Veterinary Assistant or Licensed/Registered Veterinary Technician (Preferred)
- Previous relevant work experience at a farm or in a clinical setting: two (2) + years of experience
- Equine handling and restraint experience: four (4) + years of experience preferred
- Valid driver's license, clean driving record, and reliable transportation
- Ability to efficiently multi-task and follow through in a fast-paced environment
- Ability to stand and walk for extended periods in all weather and lift 75-100 lbs.
- Ability to work well with others and communicate effectively
- Computer and organizational skills are preferred

### **Benefits:**

- Competitive pay (compensation will vary based on experience and ability)
- Generous Paid Time Off (PTO) (available after six (6) months of employment)
- Health Insurance/Health Savings Account (available after sixty (60) days of employment)
- Dental, Vision, Life, and Disability Insurance (available after ninety (90) days of employment)
- Retirement plan with up to a 3% match
- Employee Discount

### **Job Duties include, but are not limited to:**

- Assist with lameness, physical examinations, and dental procedures, including jogging and lunging horses.
- Ability to take vital signs accurately and record observations
- Assist with preparing and administering medications and providing appropriate wound care
- Ability to drive the ambulatory vehicle to various locations within a wide geographical area
- Set up a variety of radiographic, diagnostic, and medical equipment, including correctly maintaining, cleaning, and storage of the equipment
- Collect, prepare, and label various specimens (blood, urine, feces, etc.) and complete various forms for laboratory testing.
- Ability to properly clean and sanitize injection sites and use aseptic techniques during various procedures.
- Maintain an organized, clean, and fully stocked ambulatory vehicle, ensuring all necessary supplies, tools, equipment, and drugs are readily available for the Veterinarian to treat and diagnose various equine illnesses and injuries.
- Ability to accurately prepare and generate invoices and maintain client and horse records within our clinic management software.
- Assist with scheduling appointments and communicating with clients when necessary.
- Cross-train with hospital assistants/technicians and cover other positions within the hospital when necessary
