Brief Job Description

Park Equine Hospital seeks Veterinary Assistants and Technicians to provide exceptional patient care, assist doctors during examinations, diagnostic procedures, and surgeries, administer medications and treatments, and perform essential administrative duties including patient intake/discharge, billing, client education, basic laboratory work, and accurate record keeping. This role requires strong animal handling skills, attention to detail when managing medical supplies, and effective communication abilities. The position may include evening, overnight, and weekend hours as part of the regular schedule with optional after-hours emergency shifts available for interested candidates.

At Park Equine Hospital, we deliver exceptional, compassionate care through a commitment to veterinary excellence and personalized attention. We uphold the highest standards of integrity while continuously advancing our knowledge as individuals and as a team. By fostering meaningful relationships with our patients, clients, and community, we create a foundation of trust and respect that enhances the well-being of the horses we serve and the people who love them.
